

The Original Color Chips

FLOORSTRIP

TECHNICAL DATA

Product Description:

This super powerful formula cuts through layers of old finish in minutes.

Cuts labor time in half over conventional stripping products. Formulated to do the job. Makes wax stripping easy!

Used to remove:

Finishes – acrylic, co-polymer, metal crosslinked, polymer, styrene, acrylic/urethane blends

Waxes – carnauba, microcrystalline

Sealers – acrylic, water-based urethanes

Directions for use:

Regular stripping: 26 oz. per gallon of hot water.

Heavy duty stripping: 52 oz. per gallon of hot water.

- thoroughly saturate surface to be stripped
- for heavy duty stripping - use a black stripping pad with a floor machine
- mop up emulsified wax or use wet/dry vacuum for best results
- allow floor to dry
- apply new floor finish

Other information:

This product should not be used on wood floors or painted surfaces. Not recommended on linoleum or rubber tile floors since bleaching and softening may occur. Test first on asphalt tile in inconspicuous area. Bleaching may occur.

Save time and money with this very aggressive No Rinse Stripper
